Dear Anne Marie,

As you know from our conversation this afternoon, I received a "Form 10" from the Friends of Rick Murphy Campaign (C00391763) yesterday, August 16th. It is my understanding that I need to file a "Form 11" within 24 hours of receipt.

This form was prepared, however, when I tried to upload this report it failed validation and would not allow me to continue the process. I contacted Aristotle Industries technical support for help. As they looked into this situation they discovered that the "Form 11" which is created in their software is not functional with the FEC Validating software. Aristotle Industries assured me that they would contact the FEC in the morning to get this problem resolved.

With that being said, I have federal expressed the "Form 11" to you on a disk. You should have it by 10:30 a.m. eastern time on August 18th.

On the Form 11 the "Opposition Personal Funds Amount" calculated was \$316,909.18.

I will follow up with you and Aristotle in the morning to make sure that this problem has indeed been corrected.

Thank you, Anne Marie. As always, I appreciate all that you do.

Sincerely,

Lisa Teschler
